Terrie has been skating since she was 2 years old and skated in her first show when she was 5 years of age. She turned professional in 1970, and is working on her last two figure tests to become a gold medalist. Having obtained her B.S. at University of California at Davis, Terrie will study at California State University at Sacramento for her teaching credential, when she will be able to teach ice skating for physical education credit.

"I would like to thank everyone for the opportunity of directing and working with the really great members of the Capital City Figure Skating Club for a successful ice extravaganza SYMPHONY ON ICE '74. This experience will always be remembered with fond memories".
